CRS-36

Avoid cracking on digitally-printed, heavy-weight stock with accurate, easy-to-use impact creaser

Features

- Quick and easy set-ups are performed at the color touch screen control console.
- Select from a wide variety of scoring patterns.
- Ideal for book jackets, restaurant menus, greeting cards and all digital print applications.
- Crease even heavy stocks for high quality perfect binding with sharp corners.

Ideal for heavy stock and digital printing: eliminates fiber cracking when folding

Operation console

Graphical touch screen enables easy settings for different applications.

■ Impact creasing Samples

Impact creasing section

Impact creasing depth can be adjusted according to the paper thickness. Clean and sharp creases can be made even on heavier and laminated stock.

Delivery tray

Creased sheets are delivered at a comfortable height for easy handling.

The tray can be folded down for space efficiency when the impact creaser is not in use.
