Lights Out Finishing at Horizon Smart Factory 2024

The Horizon Group will hold Horizon Smart Factory 2024 from October 2 to 4, 2024 at Horizon Innovation Park, located at our Headquarters in Takashima, Japan.

Horizon Smart Factory 2024 will push the boundaries of automation achieving completely autonomous printing, finishing, packaging, and other logistics with cutting edge technology like AGV, robotics, and AI.

Seamless integration of printers, finishing equipment, and workflow systems will allow for the monitoring of each job's production status and progress. This new level of automation gives operators the opportunity to shift from repetitive, labor-intensive tasks to more fulfilling work while achieving a good work-life balance.

Come experience the future at Horizon Innovation Park, Japan, where we'll take factory automation to the next level and make lights-out finishing a reality.
